BELOVED MOTHER MARY speaks: Transmission Flame class, Resurrection Temple - Flourtown, March 21st, 1959.

"Blessed and beloved children of God and of My heart, I come again to visit with you as the Holy Season commerating the Resurrection of My beloved Son is again set into motion in the world of form. I come also to offer you My Personal invitation to visit the Temple of the Resurrection in the Etheric Realms over the Holy Land and there to learn firsthand what that Power of the Resurrection can mean to you, individually, in transmuting and then sustaining the harmonious vibratory action of the cells which make up the electrons and atoms of your vehicles.

In the Resurrection Temple We have magnificent circular amphitheatres into which chelas, members of the elemental kingdom or members of the Angelic Kingdom who are temporarily enmeshed in human creation can take their abode and, according to the vibratory action of their own highest potential, are they guided carefully into that corridor which is most akin to their present light and understanding. The mercy of God and the mercy of Those Who represent Him is very great. Even in those Realms where the Ascended Masters Retreats are, We would not dream of allowing even the most earnest and sincere of cheals to pass beyond the point of his own highest spiritual potential. In the outer corridor, of course, are those less developed and, as the individuals progress in spiritual development, they come closer and closer until they can look upon the Resurrection Flame Itself, blazing as It does upon the altar which We protect, guide and guard, so that mankind one day may choose to resurrect the Perfection which was on this Earth when She was first created out of the Heart of the Universal and made the Planetary Home for certain Spirits who chose to learn the Law of Energy and Vibration Hereon. - Elections -

When you speak of the Resurrection and the Life preceded by the words of creation "I AM", immediately you begin to accelerate the speed of the electrons which make up the atoms of whatever you chose to resurrect. It is mechanically accurate, beloved ones, as when you step upon the pedal of your automobile and give it more gas, it in turn moves forward more quickly. Now the Resurrection Flame, like unto all of of the God Flames, the Freedom Flame and the other Flames, is considered so ephemeral and yet They are the most practical Activity that can be utilized by any individual to whom the science of their use is presented. You can accelerate through the Power of the Resurrection Flame your physical vehicle - any organ, any cell, any atom that has slowed down through your acceptance of so-called age or any other discrepancy in the way of untransmuted karma. You can accelerate and SUSTAIN the vibratory action of your mental body to a point where it is receptive to the Divine Beings and the very quickening of the vibratory action of the mental consciousness automatically deflects the baser thoughts from entering the mind. You can resurrect and accelerate the etheric memories of the glories that you knew when you dwelt, like the Angels of Heaven, around the Throne of Helios and Vesta or in the Seven Spheres. You can resurrect and accelerate and sustain your feelings to a point of <u>listening grace</u> by the use

of this Flame Which We guide and guard until mankind experiments with It and puts It to practical use.

In the Temple of the Resurrection We work not only on individuals and their many vehicles but We work also with what to the human eye seems inanimate matter. You can accelerate the vibratory action of a book; you can accelrate the vibratory action of a piece of stone, the very earth substance itself by the use of the Resurrection Flame; When the inner sight is opened and you can see that magnificent Power acting constructively to resurrect that which is God-good, you will enjoy using this Flame, Which is Ours to guard and protect but Which is yours to experiment with, become familiar with and <u>utilize</u> in the transformation of imperfection into Perfection.

When Beloved Jesus was Transfigured, all that He did was to accelerate the vibratory action of the Vehicle That He wore until It blazed with light and that light was visible and tangible to the physical sight of the few diciples who were honored by witnessing that Transfiguration.

In healing, which of course is My particular interest with regard to the human race, We use that Flame of Resurrection to change the quality of energy in the vehicles of the individuals whom We desire to assist and make them more receptive to the directed Ray of Healing and to the acceptance of the Elixir of Pure Healing Light which flows from the Hearts of Helios, particularly, and beloved Vesta and is carried by the Seraphim Cherubim and Angelic Host literally annointing the vehicles that require assistance, inner as well as physical.

Today, sometime when you are quiet, take a glass of water and then call to the Power of the Resurrection Flame to charge through it, raising its vibratory action to that of the Elixir of Life. Do that three times today and this evening do it about 8 P.M. Drink it as that Elixir. It is a practical, workable activity which will give to you a greater uplift of a sustained nature than any amount of stimulus that can be given to you by the outer world. This is just a simple example but I would like you to feel it; I would like you to see and to know the Power that is in you, everyone, to create and charge the water element into a substance which is truly the Elixir of Life. People have sought it everywhere. Beloved Saint Germain for a long time experimented in France and in other places in Europe with the creation of that Magic Elixir. Then in America they thought they had found the Fountain of Youth in Saint Augustine, Florida. THE FOUNTAIN OF YOUTH IS IN YOUR HEARTS! But if that Fountain is covered over for lack of use or through the acceptance of human appearance, It does not flow forth freely. But be very sure, My beloved, that you want that Fount of Life to flow freely through you, <u>for one motive and purpose only</u>, the Resurrection and the Life of your own individual selves so that you may be an example, living and breathing here on this planet Earth, to the Glory of God and for your beloved Ascended Master Saint Germain, Who desires among all things to have sons and daughters of freedom free from every distress that is limiting. If Our blessed Jesus had not used that Power of the Resurrection silently and audibly as discretion allowed, from the time that those words were received by Him until Easter Morning, He could not have had the necessary gathered momentum to make that Triumphant Resurrection and, bursting the tomb, stand forth in the physical body that had been mutilated and broken by the human creation of the masses.

These are the activities We use today, as We are within the Temple and Foci of all the Host of Light. Let Us resurrect NOW in Our Presence the fulness of the goodness of God for this Earth, Its peoples, Its evolutions, those who are to embody here, those who are presently embodied, those who have recently left the body! This Resurrection Flame is real. As beloved Serapis Bey has said It is so real that It can tune a piano. How much more then can It bring in tune the consciousness of those willing and desirous of finding their God Estate. The most delicate of all the instruments of God on Earth is a human being within whose heart blazes the Immortal Victorious Three-fold Flame of Almighty God. x30

To Our beloved Patron Who serves with Us in the Resurrection Temple and to

your friend, the Lord Maha Chohan; We send our love!"

LORD MAHA CHOHAN: speaks:

Beloved of My Heart, again it is My privilege to speak to you on the Spirit of Resurrection, I have used this Resurrection Flame of Which the blessed Mother Mary speaks every Springtime and have brought to each and every one the manifestation, the tangible reality that from the Earth Itself can come forth beauty, color and perfume and the obedient little elementals who guard their particilar specie of flower and shrub and tree, so gratefully breathe into themselves that Resurrecting Power, as It courses through them the hardness of the crust of the earth opens and you see the lovely violet, the crocus, the daffodil. Now that crust which is upon the Earth, while the snow, the ice and sleet have bedded Her down for Winter, is no harder than the shell of the human creation within which your own Holy Christ Self has abode; abides now and ever seeks expression so that you, too, may become a flower in God's Kingdom - come! A small and delicate flower obeying and rising on the Resurrection tide gives the fulness of Itself for the benefaction and benediction of all that is. Yet mankind through the aeons of time that have come and gone have released little of the perfume of their being as the gift to their generation or the generations that follow after them. So as One Who has used the Resurrection Flame through the Nature Kingdom and as One Who is very close to you through Our Spiritual Affinity in this Focus, I, too, can affirm that the mighty currents of Resurrection that bring the Nature Kingdom to their fullest expression are yours to use here and now!"

To Our beloved Hope, the Archaii, We send Our Love."

BELOVED HOPE; speaks:

"Beloved and blessed ones without Hope the peoples of Earth would perish. Therefore, have I chosen to remain in the atmosphere of this Earth CHARGING THE HOPE OF LIFE ETERNAL into the consciousness, beings and worlds of all that use the Earth as a Planetary Home. Hope keeps men and women moving forward despite all the human creation and apparent chaos of the outer world and that Hope, too, lives within your hearts. As I serve through the Flame in the Resurrection Temple and as I serve also through the Flame within your hearts, I stir again the Hope in the hearts of the faithful for a new world of Permanent Peace, Happiness and Perfection and that Hope shall be fulfilled so long as one unascended being upon this planet Earth <u>believes it can be done</u>! There is no more sorry sight than hopeless people - They are the lethargic ones. There are many places upon the surface of this Earth where individuals have lost the stimulus of the power of Hope and into, through and around them I CHARGE, CHARGE AND CHARGE during this Holy Season the Hope of resuscitation of a Resurrection of Life Eternal, of a world of beauty and Perfection and of a Golden Age in which no discord, decay, disintegration or death can occur. What is that Charge? That Charge is an acceleration of energy from My Being going into the atmosphere particularly of those of you here, and then into the atmosphere of the emotional, mental, etheric and physical stratas of the Earth bringing that consciousness, power and sustained acceptance of the greater Perfection, hourly, here on Earth until this Earth is a Kingdom of Heaven!

We Ladies of Heaven you say, are sometimes very positive. Somehow it is the concept of man that the Ladies of Heaven are All playing harps or moving silently about with muted step engaged on pursuits of an ephemeral nature. Oh....beloved ones, the Feminine Beings in the Heart of Heaven, so loving in the extreme, are great and Divine Friends to the peoples of Earth and the very power of that love is that which has kept the Earth in Its orbit; that which has kept mankind from passing through the second death; that which has sustained the consciousness of the few until We can reach the consciousness of the many. That is the Hope of the world. Is there Hope in most

of your televised programs, your radio broadcasts or newspaper reports? For the most part, no. Yet, there is Hope alive in the atmosphere of Earth, while I have being and choose to remain here, fanning the fires of Hope, until that Hope becomes a manifest expression of perfection expressed here and now!

Many of you are thinking here today, the first day of your Springtime in the Northern Hemisphere, of that beautiful and delicate Lady Who represents the Spring - Amaryllis. To a delicate and beautiful but yet persistent Lady, We send Our love!"

BELOVED AMARYLLIS; speaks:

Yes, listening to Our beloved Hope, I, too, thought how often people have referred to Me, the Spirit of Spring, as dancing over the flowers and the grass, with a wreath of flowers in My Hair, touching here and there a bush, a flower, a shrub, a tree and sort of flitting about in an ineffectual but perhaps graceful manner.

Beloved ones, as the Spirit of Springtime, let Me remind you that for nine hundred years before the first great Root Manu brought the holy innocents to the Earth, I experimented with the development of the most beautiful possible foliage, flower, birdlife, grass, sea, air - until when the Earth was ready to be inhabited - She had a magnificent garment and was so like unto Heaven's Kingdom that the first individuals who came forth from the heart of God hardly knew the difference between the Heavenly Realms and The Earth. That was many millions of years ago, so there is a little bit of constancy and positive energy in that Service which I render.

I thank you for your thoughts of the Springtime. I shall create again with the help of the elementals and Our Lord Maha Chohan such a magnificent perfection on this Earth for Our beloved Ascended Master Saint Germain as the crowning gift to His Golden Age before I take My departure to another Star.

I give to you My blessings of the Springtime."
